STATE ROUTE 173 WILL REOPEN FRIDAY

San Bernardino Mountains – Caltrans will reopen the storm damaged section of State Route 173 (SR-173) from Arbon Road to Grass Valley Rd. near Lake Arrowhead by Friday evening, October 31. This portion of the route is primarily used by the local community.

SR-173 was damaged in the limits mentioned above during the 2004 heavy rain storms and was closed to traffic as a result. Work began early this summer to rebuild eroded slopes and restore the roadway.

Caltrans would like to thank the Mountain community, emergency responders, businesses and Lake Arrowhead Chamber of Commerce for their patience during this closure.

For other Caltrans roadwork information, please go to our website at www.caltrans8.info and sign up for press releases under “CT Connect”.
